Briefly list three of the Chapter's top goals in the coming year's annual plan, where possible including what makes this goal important for your Chapter:	
----- -----	
Goal 1:	Expand membership. This goal is important to the Chapter because it will allow us to divide tasks and develop further activities.

Goal 2:	Complete the application to become a 501(c)3 entity. This goal is important to the chapter to allow us to accept donations and/or participate in fundraising activities.
Goal 3:	Encourage individuals and organizations to develop certified non-game wildlife habitat, concentrating especially on providing for bird survival under drought conditions. This is important because of the changing climate conditions in our area.
